Brainwashing of My Dad examines the rise of right-wing media through the lens of the filmmaker's father, whose immersion in it radicalized him and rocked the foundation of their family. She discovers this political phenomenon recurring in living rooms everywhere, and reveals the consequences conservative media has had on families and a nation.

Food Chains - The Revolution in America's Fields. Food Chains reveals the human cost in our food supply and the complicity of large buyers of produce like fast food and supermarkets. The narrative of the film focuses on an intrepid and highly lauded group of Floridian tomato pickers who are revolutionizing farm labor. Their story is one of hope and promise for the triumph of morality over corporate greed.

FIX IT: Healthcare at the Tipping Point. This documentary takes an in-depth look into how our dysfunctional health care system is damaging our economy, suffocating our businesses, discouraging physicians and negatively impacting on the nation's health, while remaining un-affordable for a third of our citizens.
